PREFERRED TENANT PROFILE

For brands that need both customer-facing space and back-end practicality

The preferred tenant profile is a business with a showroom, service reception, product display, consultation or customer-facing component that strengthens TPK Park's positioning as a Home, Auto & Lifestyle destination.

Home Improvement

Furniture, interiors, kitchen and wardrobe, curtains and blinds, tiles, sanitaryware, lighting and related home products.

Automotive & Mobility

Service reception, accessories, detailing, parts display, EV-related concepts and other auto-support uses.

Showroom + Office

Product display, sales gallery, consultation centre, corporate office or brand support centre.

Light Service / Workshop

Operational use with a meaningful customer-facing showroom, reception or display component.

Use Positioning Note

Pure storage / warehousing or heavy back-end industrial use is not the main positioning. Uses with a showroom, retail, service reception or regular customer interaction will be more aligned with TPK Park's leasing direction.

WHY THIS UNIT WORKS

A practical semi-detached format with scale, flexibility and visibility

Whole-building control

Single-tenant lease format gives the occupier clearer control over operations, branding and internal planning.

Practical land size

Approx. 8,000 sq ft land area supports a functional business setup with customer-facing and operational needs.

Extended ground floor

Ground floor built-up is approx. 4,046.88 sq ft, including the extended area for more usable operational space.

Office + workshop potential

Existing layout supports office, workshop / showroom area and practical support facilities.

Accessible rental level

RM25,000 per month positions the property as a more accessible whole-building option within TPK Park.

HOME, AUTO & LIFESTYLE ECOSYSTEM

Located within TPK Park's growing destination cluster

TPK Park is a privately managed industrial and commercial precinct where the original developer remains a major long-term owner with an active role in estate direction, tenant mix and place-making.

The property benefits from TPK Park's growing concentration of Home & Living, Auto Hub and Lifestyle operators, creating a supportive environment for customer-facing tenants.

8.2 million

estimated vehicles per month along Bukit Jalil Highway

Recognised by The Malaysia Book of Records - 2026
